

2011 4th Annual Michigan Golf Classic and Sports Party was a hit!

Thank you to all that attended the 4th Annual Michigan Golf Classic and Sports Party with a total of 19 teams attending and raising \$5,000!

Pink Ribbon Riders(c) was honored this year to have in attendance Dan "Pohlcat" Pohl a PGA Pro Tour and Cleveland/ Srixon Representative. Dan helped raise funds on the course with the opportunity for teams to use his drive in the competition and also all had the chance to try a new Cleveland driver on hole #1 at the Medalist Golf Club.

As an ambassador to the Pink Ribbon Riders, Dan made the public presentation of the Patient Assistance Giving to local patient Kelly Kipp from Battle Creek. This is a tradition of the Pink Ribbon Riders as not only is the giving program open through out the year, but a patient in need from the local area of which a PRR event is held, we find them an honor them that day. Kelly's family also attended the evening dinner as guests of honor.

The winning team this year was HBC Contracting Team # 1 with a score of 59. Second Place team was a team of 3 named "Hooter Haulers."

The day was a mixture of fun from a cart decorating contest won by the "Tiger Titties" and of course the sports themed event encouraged participants to dress up in their favorite sports outfit for the day. An amazing day of golf followed by a cocktail hour and dinner party. Live music greeted the players as they came off the course and non golfers were invited to attend. A mix of silent and live auction and giveaways completed the night. Prizes for 1st thru 3rd, 5th, 10th and last place teams were awarded.

And last but not forgotten, last place team was awarded with a new set of golf clubs!

Lots of fun, and an event not to miss as the Pink Ribbon Riders make sure to bring you lots of fun while raising funds for both men and women breast cancer patients.
