

RECAP from 2008: Sept. 23, 2008 - What an amazing Day!

Wow! What an amazing day as the weather was unbelievable and the riders were just amazing that came to support the 1st Annual Pink Ribbon Riders New York Road Run. A total of 48 riders and 25 non riders participated in the fun while honoring those we love.

The day included Farm Bingo that was a unique game as a horse was brought into a designated area and then we all waited and hoped for it to do its business in a numbered square on the ground! Very different game than we see usually, but lots of fun! The riders were treated to lunch at the Ole Barn in Refield and upon their return, exhibitors and a band playing. The dinner party kicked off with a pig roast that included a ton of food!

A unique day all in all as a bra decorated contest was entered by both men and women and a LOEWS gift certificate of \$50.00 was given to the winner by the crowds choice of applause and all the other good sports that decorated their bras received a gift certificate from The Ole Barn.

Live music was supplied by the Shot Gun Sunday Band from 2:00pm on and than followed by the Danny Lee Lewis Band that played into the night till 10:00pm. The bonfire was lit at around 7:00pm and created a great atmosphere for all those around. Pink Ribbon Riders would like to thank all the volunteers that dedicated their time to help plan the event and all of the staff at the Ole Barn as we could not have had such an amazing day with them!

Special Thanks to:

The PA and NJ Gang know known as the "PIG Cookers", The Inlet Fire Ladies and Fire Department for donating tables and chairs, Dave Winslow Tent Company, Murdock Trucking, The Adirondack Express, The X Girls, Utica Distributing and so many others that made the day a huge success!
